Umpire _____ Umpire _____ Scorer _____

DLS Standard Edition (ICC). Par = score to tie if play ends after that over; one more run wins. Worked out at https://dlscalculator.com/dls-par-score-table/?nc=1792441928745

How the par scores were worked out

1. Team 1 starts with 20 overs and 10 wickets: 56.6% of resources.
2. Team 1 resources, R1 = 56.6%.
3. Team 2 starts with 20 overs and 10 wickets: 56.6% of resources.
4. Team 2 resources, R2 = 56.6%.

5. R2 is not more than R1, so par = 160 × 56.6 ÷ 56.6 = 160.00, rounded down to 160. Target = 160 + 1 = 161.
